4. Course Consistency: Briefly describe how uniformly or how diversely this course is taught across sections. Explain what steps have been taken to ensure that all sections meet the course goals and learning objectives. (e.g. Explain how much leeway instructors have in their assignments or syllabi.)

Curriculum: All UNIV 1800 instructors are required to teach a core curriculum consisting of a critical writing assignment, a pair of developmentally grounded career development workshops with a first-college resume assignment, and a training in violence against women prevention. The common textbook is an in-house *UConn FYE Student Success Guidebook* provided to all first-year students free of charge. Beyond these elements, all courses are required to be structured around the office-established learning objectives as approved by the University Senate. Specific learning outcomes and additional assignments are tailored by the instructor to meet the transition needs of the specific students in the class section.

Training: All instructors must complete at least five hours of training prior to teaching, including a new instructor orientation. In this academic year professional development provided included a full-day annual curricular conference, more than thirty hour-long seminars, recorded webinars, and special three-hour training for instructors of international sections. Teaching and learning resources provided included a comprehensive instructor manual, a fully developed customizable course HuskyCT site, an instructor resources Evernote with assignment prompts and templates, and seventeen office-approved expert-led lesson guest lecturer options. All sections are further supported by FYE Peer Mentors, undergraduate teaching assistants, who are rigorously trained and consistently supported by the main office all semester long.

Oversight: Each instructor must apply and be approved to teach by the First Year Programs and Learning Communities Faculty Courses and Curriculum Oversight Board. Syllabi are collected annually. And SET evaluations are reviewed so that any instructor with an average score of three or below can be provided with personalized remediation and support.

5. Course Subtitles: Please attach a list of all subsections of the course that were offered in the current academic year.
